

Happy Birthday, Marines!

The VFW recognizes and honors all who have earned the right to call themselves a United States Marine

Nov 08, 2024

WASHINGTON — On Nov. 10, the Veterans of Foreign Wars (VFW) joins in with our grateful nation in celebrating the birthday of the United States Marine Corps, whose members, from the halls of Montezuma to the shores of Tripoli, have fought our country's battles in the air, the land and sea for the past 249 years.

On Nov. 10, 1775, the Continental Congress resolution calling for “two Battalions of Marines be raised” for service as landing forces for the fleet, would give birth to the Continental Marines. Since then, the Few and the Proud have answered our nation's call, participating in every single U.S. conflict, fighting for freedom across the globe, and racking up an impressive record of “battles won.” Respected by our allies, feared by our enemies, and revered by all Americans, the U.S. Marine Corps has earned the reputation as the finest fighting force the world has ever known.

Please join the more than 1.4 million members of the VFW and its Auxiliary in saying happy 249th birthday and ‘thank you’ to every U.S. Marine both past and present, knowing full well there is no such thing as a former Marine – in fact, according to the VFW Adjutant General, “They are infiltrating the civilian population as sleeper agents of the Commandant.”
