

Take Action: Tell Congress to End the Widow's Tax Now!

America must honor military survivors NOT tax them

May 01, 2019

More than 65,000 surviving military spouses and dependents are unjustly penalized because their loved ones made the ultimate sacrifice for our country.

Similar to life insurance, the Survivor Benefit Plan (SBP) is purchased through DOD by military retirees to ensure their surviving loved ones can maintain a modest standard of living. When service members or veterans die from injuries or illnesses related to their military service, survivors are eligible for VA Dependency and Indemnity Compensation (DIC). Despite the two payments being paid for two different reasons from two different federal departments, all monthly SBP retirement payments are reduced by \$1,319 -- the current payout for DIC benefits.

For many survivors, this offset completely eliminates their SBP payments and threatens their financial security. The recent tax law makes this situation worse by doubling the tax on dependents to whom parents transferred SBP benefits to avoid having to forfeit DIC benefits.

The VFW needs you to take action now!

[Contact your members of Congress](#) and urge them to end the injustice now! The message these aptly termed “Widow’s Tax” and “Kiddie Tax” sends to service members, veterans, and their families is that our government salutes their service while in uniform, but they cost too much if they die on active duty or from service-connected conditions.
